

2024 SMA & ACSEP CONFERENCE

SPONSORS & EXHIBITORS

This year, we are proud to showcase a diverse range of sponsors and exhibitors who play a pivotal role in advancing our field. These sponsors, each with a booth at the conference, represent cutting-edge developments in medical technologies, healthcare solutions, and sports science. We encourage you to visit their booths to explore the latest innovations, network with industry leaders, and discover how their contributions are shaping the future of sports and exercise medicine.

ASICS

The annual ASICS Run Club is on again in the grounds of Yarra Park surrounding the MCG. Gather outside Gate 3 on Thursday 17 Oct at 6am for a 5km run or a leisurely walk. No pre-registration required, please arrive prior to 6am. The ASICS Professional Buyer's Program allows members to receive discounts on performance footwear to experience firsthand to assist them in referring the most suitable shoe/s to their clients and patients. Register here and download technical documents: <https://asics.tv/4eeyclt>

BTL

BTL is excited to introduce you to our cutting-edge medical devices, designed to enhance your patients' health and recovery. As a global leader in rehabilitation and a European manufacturer with a direct presence in Australia, BTL is trusted by over 200,000 professionals worldwide.

Take advantage of exclusive launch prices and enjoy full support from delivery to after-sale service.

Since BTL offers the broadest rehabilitation portfolio, there are many options for your practice.

A great choice for you and your patients could be 100% antigravity treadmill R-Force, Shockwave Therapy, Cryotherapy, or essential devices such as electrotherapy / ultrasound / low level laser ideal for those seeking effective treatments at a lower cost.

Meet us at Booth 36 & 37.

Strapit Sports Tape

As one of the leading sports tape suppliers in Australia, Strapit has established a reputation for producing high-quality medical and sports tapes that are trusted by athletes and healthcare professionals alike. See the team at the conference to discuss their discounts available to conference attendees.

VALD Health

VALD Health offers a comprehensive musculoskeletal health technology platform for exercise professionals. The VALD team will be on hand to answer any questions you have about their range or to book a demo.

Compounded Pain Solutions

Compounded pharmacists are adopting a new emerging transdermal approach that is able to reduce and manage pain and side effects using low dose combination transdermal Pain Therapy (LCTPT). Speak to Freddy about how Compounded can assist you.

i-scribe

i-scribe by Akuru is an advanced, medically intuitive scribing solution designed by doctors. Speak to the team about their offers and trial for conference delegates when becoming paid users.

Bared Footwear

Start Friday with a mindful workout and join us for an early morning Pilates session, hosted by Bared Footwear at Fort Green Studio, Richmond from 6:30am. This is a free session however registration is required [here](#). Any questions? Contact Jordyn at healthpro@bared.com.au

Physiomed

Come and speak to Adam and the team about the HUMAC and their free isokinetic testing session at the Physiomed Australia booth.

EMILY BRAIDWOOD

Emily Braidwood

Founder and CEO, Emily Smith, will be on hand to discuss their range of comfortable foot support designed in Australia, don't forget to ask for your free sample.

CXDX

Join us at the CXDX stand (#32) to explore the latest in brain health technology! Experience a live brain health scan using the NeuroCatch Platform, test your cognitive speed with the NeuroTracker, or book a personal brain scan appointment. Plus, come say hello to Sarge from CXDX Connected Diagnostics. Don't miss this opportunity to see brain health cutting-edge tools in action!

LifeHealthcare

We are proud to showcase the Clarius Handheld Ultrasound at our booth - delivering you with high-definition imaging of superficial structures, from nerves and vessels to musculoskeletal and lung anatomy - both in clinic and in the field.

GE HealthCare

We're excited to invite you all to stop by our booth #40 during the lunch break from 12:30 to 1:30 PM! Take advantage of this opportunity to scan with Dr. Steven Duhig, where you'll learn more about the use of ultrasound for rotator cuff and shoulder assessments. You can also try out a variety of ultrasound systems designed for musculoskeletal care.

Don't miss Dr. Duhig's workshop, "Simplifying Complexity: New Directions in Rotator Cuff Assessment for Overhead Athletes," Thursday October 17th at 08:00 and join us at the booth during the lunch break to learn more about MSK Ultrasound and try out different systems.

Club Warehouse

Cold Therapy and compression are proven to reduce pain and accelerate healing post-injury and post surgery.

The Polar Care Wave combines motorized cold therapy with active compression in a simple and compact system, making it ideal for facility and home use.

Visit Club Warehouse at Booth 4 to trial the Polar Care Wave and receive one of 200 Voltaren show bags.

Click [here](#) to see Collingwood Football Veteran Steele Sidebottom use the Polar Care Wave.

Our sincere thanks to all sponsors and exhibitors at the 2024 SMA & ACSEP Conference for their invaluable support.
